

## BANK WAS ROBBED BY CITY MARSHAL.

### OFFICERS ARE CAUGHT IN A MEAN JOB.

Police Official of Eldon Confesses to Having Originated the Plot to Blow Up the Safe—Gives Names of Other Men Implicated in the Scheme to Pilfer.

Ottumwa, Iowa, May 13.—The mystery connected with the robbery of the Bradley bank at Eldon has been cleared up. Two men, one of them the self-confessed instigator of the crime, are in jail here, and the other three implicated by the confession are shadowed in Chicago, and they will be arrested. The man whose confession has solved the mystery is Charles Stevens, who at the time of the crime was city marshal of Eldon. Stevens has been an officer and prominent citizen of that place for a number of years. He was the first man to discover the robbery, and had been co-operating with the Ottumwa officers to catch the robbers until he was thrown under suspicion. The other man under arrest is Dick Dodd, an alleged gambler of Ottumwa, who is also connected by marriage with one of the prominent families of the city.

On the morning of Feb. 1 the safe in the Bradley bank at Eldon was found to have been blown open in the night and \$6,200 cash taken. A team and buggy from a neighboring barn had furnished the robbers means of escape. Pinkerton detectives were at once put on the case. The first clew found was given by Deputy United States Marshal Steedman, of Des Moines, who, while working on a counterfeiting case at Eldon, got a hint that Stevens was connected with the case. The detectives soon proved this clew by an abundance of evidence, and on Saturday they determined to arrest Stevens and Dodd.

One of the Pinkertons met Stevens on the street in Eldon, and the latter claimed to be in trouble and wanted to tell the detective something. Stevens began to relate a story about being approached on the night of the robbery by three men, who forced him into the robbery of the bank at the point of revolvers. The detective then told Stevens some of the evidence against him, and the marshal broke down and confessed everything. He came to Ottumwa and told the story to the grand jury.

Stevens said he first conceived the idea of robbing the bank in 1895. He first tried to get a professional man from Des Moines to do the work, but after making a visit to Eldon the stranger declined. Then Stevens got Dodd interested, who agreed to furnish the burglars. These fellows came to Ottumwa and made a trip to Eldon. They made three attempts to rob the bank before they succeeded. After completing the work they stole a team and drove toward Ottumwa. Dodd met them and took them to his home in South Ottumwa, where he kept them under cover for two days and nights, when they returned to Chicago.

While at Dodd's house they divided the money, giving Dodd \$600, and taking \$5,600 to Chicago. Dodd and the three men decided to leave Stevens nothing. This treatment and his fright over the developments where doubtless the cause of his confession.

### The Transvaal Is Defiant.

London, May 13.—A special dispatch from Cape Town says the reply of the Transvaal government to the strong note, said to amount to an ultimatum, from the secretary of state for the colonies, Joseph Chamberlain, insisting upon observance of the London convention, is defiant in tone. It insists, the dispatch says, upon the right of the Transvaal to demand arbitration of the questions in dispute and also upon its right to pass the alien immigration law, and asserts that if this right is disputed arbitration is the best means of arriving at a settlement of the question.

Rome, May 13.—The utmost indignation has been created throughout Italy by the liberation on the ground of some legal quibble of the Bingen brothers, the bankers of Genoa, who were arrested a year ago while in the act of absconding to America, leaving behind them liabilities to the amount of nearly \$10,000,000. It is asserted that persons of high rank were implicated in the thefts, and so the bankers escaped.

Key West, Fla., May 13.—Gen. Weyler has decided to take the field in Havana province, where, it is said, Gen. Gomez has appeared with large insurgent forces. ## MEDIATION MAY FAIL AS SULTAN SULKS.

### TURKEY NOT IN A CONCILIATORY MOOD.

Prospects of Further Serious Conflict Before the Eastern Question Is Finally Settled—Conference of the Ambassadors Held at Constantinople—Some Other War News.

London, May 13.—The Athens correspondent of the Daily Chronicle, says: "The government is becoming seriously discontented with the diplomatic situation, and the opinion is growing that it would be better to continue the struggle than to submit to terms wounding the national honor."

"Some of the powers favor a small indemnity, a modification of the frontier and a limitation of the Greek fleet. But this would never be accepted by Greece. She possesses the right to veto the decisions of the powers. In their original note the powers called upon her to abandon her interests to them, but this form was rejected, and the word 'intrust' was substituted for 'abandon'."

The correspondent of the Daily Telegraph at Constantinople says the sultan resents the mediation of the powers and desires to negotiate with Greece directly. If this is refused the Turkish demands will be more exacting.

A Turkish reconnaissance in force at Dokomos as been repulsed, and the attack on Arta, which promised to be successful, has also resulted in a check. It is believed that Edhem Pasha is developing an outflanking movement with the right and left wings, with a view of rendering the Greek position at Dokomos untenable.

The correspondent of the Times at Athens says: "Owing to the delay in arranging the armistice, the government has addressed a strong protest to the powers, declining to bear the responsibility should further bloodshed occur and lead to serious complications. The government is in a serious predicament. In order to secure mediation it has compromised itself in the eyes of both Greeks and Cretans, without obtaining a positive guaranty that Turkey will cease hostilities. Should the war be resumed the position of the government will be most unenviable."

"It is feared that autonomy will fail to pacify Crete, owing to the opposition of the 20,000 Cretan Mohammedans on the island, who fear that autonomy will end in union with Greece, while the insurgents are still defiant, and actually talk of resisting the departure of the Greek troops."

### Czar Issues Orders.

London, May 13.—The Athens correspondent of the Daily Telegraph says: "By the czar's express command Count Muraviev, the Russian foreign minister, has instructed M. de Neillidoff, the Russian ambassador at Constantinople, to insist peremptorily upon a cessation of hostilities by Turkey. I also learn that Count Muraviev has decided to have an assembly elected in Crete in order to ascertain the true Cretan opinion. If the Cretans reject autonomy, the entire question will be reconsidered. This attitude is full of hope for Crete and Greece."

### Uneasiness Felt at Constantinople.

Constantinople, May 11 (delayed in transmission).—The ambassadors met this morning for an exchange of views on the subject of mediation. Uneasiness prevails here on the subject of peace negotiations. It is feared that the reported conditions will render an agreement difficult and cause further complications. It is expected Russia may propose concessions to the Macedonians.

## WAIT FOR CALHOUN BEFORE THEY ACT.

### AFFAIRS IN CUBA NEARING A CRISIS.

President McKinley Gives Important Information to a Committee of Senators as to Affairs on the Island—Will Take No Hasty Action in the Matter.

Washington, May 13.—There will be a better understanding hereafter between the executive and legislative branches of the government on the Cuban question.

The President does not contemplate an immediate change of policy. He has taken steps, however, to secure reliable information about the state of affairs on the island. If this information warrants a change in the attitude of this government, it will be made, though it is not probable that anything will be done until the tariff bill is out of the way.

The President told a committee of senators Wednesday that so long as the status quo was maintained, and until overt acts were committed by the Spanish involving the lives of property of American citizens, the administration would not change its existing policy.

The President also said that if the official reports of Consul General Lee and other consuls on the islands were made public they would inevitably provoke a riot in Havana. He said that he was willing to let the foreign relations committee have all the information in the possession of the government if it would be carefully guarded.

This was really what the senators wanted, and after their interview with the President they visited Secretary Sherman for the purpose of arranging with him the means of communicating the information. It is probable that no reports will actually be sent to the committee, but that the chairman and certain members will be permitted to read the reports on file in the state department.

It is asserted that the President will wait for a report from Mr. Calhoun, who left Saturday for Havana, before making known definitely his views.

### PROCEEDINGS IN SENATE.

Resolution on the Chapman Case Offered by Mr. Allen.

Washington, May 13.—In the senate Wednesday the sugar investigation of 1894 was recalled by the introduction of a resolution by Mr. Allen of Nebraska, reciting the circumstances of the investigation, the refusal of Elverton R. Chapman to testify, his conviction in the courts as a contumacious witness, and the present effort toward his pardon. The resolution proposes that Chapman be brought to the bar of the senate to purge himself of contumacy as a prerequisite to pardon. The consideration of the resolution will be in order today.

A resolution by Mr. Butler (Pop., N. C.) requesting the president for information relative to the sale of the Union Pacific railroad was presented and went over.

The immigration and kinetoscope bills were reached but went over on objections.

At 2 o'clock the senate held an executive session and at 2:45 adjourned.

### Adverse Report Sent In.

Washington, May 13.—The senate committee on foreign relations has decided upon an adverse report upon Senator Allen's resolution expressing sympathy with the Greeks in their war with Turkey on the ground that the subject had been covered in the action of the senate of last session in a resolution of which Senator Cameron was the author.

### Hurts Our Horse Breeders.

Washington, May 13.—The Bureau of American Republics has received reliable information that in the latter part of April a commission composed of fifteen cavalry officers and six veterinary surgeons left England for the city of Buenos Ayres for the purpose of buying a large number of horses in the Argentine republic, to be used in the cavalry service of the British army. Heretofore these horses have been mostly supplied by the United States and Canada.

## AIM A BLOW AT RAILROADS.

The Michigan House Votes to Increase Their Taxes \$700,000 a Year.

Lansing, Mich., May 13.—Railroad interests suffered severely in the house Wednesday, that body passing, by a vote of 66 to 26, the Merriman bill, amended so as to increase the railroad taxes nearly \$700,000, and there is sure to be a disagreement between the two houses on this subject. There is no doubt, however, that as finally adjusted, the increase will be materially higher than was made by the senate.

The house also passed the bill repealing the special charter of the Michigan Central road, and making that company amenable to the general railroad law. The Atkinson bill, establishing a 2-cent passenger rate in all sections of the state, was defeated.

The rate of taxation paid by express companies is also to be raised, the senate committee having reported in favor of increasing it from 1 to 3 per cent on the gross earnings in the state.

### Doubt That Alger Is Dead.

Washington, May 13.—The state department has received no information whatever regarding the reported killing of Mr. Alger, the United States consul at Puerto Cortez, Honduras, during a fight between the government forces and the revolutionists, nor of the alleged insult to the American flag by the Nicaraguan steam tug Lucy B. In the absence of official information the department is disposed to discredit the reports.

## THEY WILL APPEAL THE CASE.

Opponents of Inheritance Tax Are Not Satisfied with the Ruling.

Chicago, May 13.—The decision of the Illinois Supreme Court declaring the inheritance tax law to be constitutional in every particular will be appealed to the United States Supreme Court.

The opinion, as written by Judge Phillips, sustains the right of the state legislature, not only to tax inheritances, but it upholds the right to impose the progressive rate of taxation as laid down by the law of 1895. The decision, if it is not reversed, will require all heirs to go deep down into their pockets and pay taxes upon their inheritances. It will, as was intended by the law, create an additional state revenue of hundreds of thousands of dollars a year.

## HOLD A LAW TO BE INVALID.

## TWO DISTINCTLY OPPOSITE VIEWS OF THE CHARGES AGAINST GEN. DOE.

THE MILWAUKEE SENTINEL  
OFFERS A SUGGESTION.

The Editorial Points Out the Way In Which the Accusations Could Be Met, and Tells a Story of a Military Man Who Was Accused in the Times Agone.

The Milwaukee Sentinel:

"Good character," says Cardinal Newman "goes far in destroying the force of even plausible charges." "Thus," he adds, "men of high and pure character have had imputations cast upon them, easy to make difficult or impossible to meet, which are indignantly trodden under foot by all just and sensible men, as being as antisocial as they are inhuman." Mr. Joseph B. Doe, sometime assistant secretary of war, is now feeling in his own person the force of the converse of the above proposition. The charge against him—as easily made, we admit, as the charge of murder against Pouch—is that while he was assistant secretary of war he drew from the government without paying out any money the product of labor which rightfully belonged to the government, and not to an individual citizen, official or unofficial. Though Mr. Doe has tried to meet this charge by a general denial the impression survives that that the charge is true. Why? Because Mr. Doe's reputation, as made known throughout Wisconsin by the roster scandal, is not good enough for his general denial unsupported by the word of anybody else, to be accepted in disproof of the pretty definite charge brought against him. In the mind of the average man Mr. Doe's assertion or denial is not of itself quite weighty enough to prove or disprove anything.

"If Mr. Doe wishes to extricate himself from the unpleasant predicament in which his own disposition and the temptation afforded by opportunity have placed him, he must obtain corroborative evidence in support of his denial. He might, for example, obtain from Mr. Lamont, who was lately his official superior, an assertion that the charges against Mr. Doe had been investigated by Mr. Lamont, and were by him believed to be false. Mr. Doe might ask a committee of eminent and judicial citizens to visit the warehouse in Beloit, open and study the contents of those twelve boxes—or is it sixteen?—which are supposed to contain some of Mr. Doe's pickings. He might then attempt to prove, by receipted bills, that the articles contained in those boxes have been paid for, and that it was he who paid for them.

"We venture, however, if the advice be not impertinent, to suggest that Mr. Doe follow yet another course. Let him recall to the public mind the charges brought against Major W. S. R. Hodson, one of the bravest officers killed in the Sepoy rebellion, the hero of Delhi and Lucknow. Major Hodson was accused of appropriating articles which belonged to the British government. One of his brother officers testified to having seen, in Hodson's baggage, a suspiciously large number of boxes. It was said that Hodson paid in an incredibly short time, and while receiving but small pay, a very large amount of debt. If Mr. Doe—against whom, by the way, this last charge has never been brought—will draw a parallel between his case and Major Hodson's he will have the satisfaction of finding out whether the public values the Doe bravery more highly than the Doe veracity."

THE MILWAUKEE JOURNAL DEFENDS THE EX-SECRETARY.

Says In An Editorial That He Is Even Being Followed Into His Private Life—By the Unfounded Attacks of the Partisan Press, and That the Practice is Despicable.

The Milwaukee Journal:

"Partisans are making a scandalous attack on a prominent young Wisconsin man, Joseph B. Doe, who has recently become a citizen of Milwaukee. No charges of any account nor of any definite offense are made. That the partisans dare not do; their method is to pursue with innuendoes and animadversion, even when a man is out of office. Is there no protection from this pestilent warfare? The American ambassador was pursued by the same methods all through his service as London. No charges could be brought against him. His successor says he can not hope to fill his place. His reputation in public as well as in private life is unassailable. But this small, partisan way of dealing in hints, unpleasant reflections and offensive allusions was unremitted.

"When an eminent citizen, who in politics is a democrat, gave his time to prosecuting the suits against the ex-treasurers in the interest of the state, the act was made a crime; it was

GEN. J. B. DOE.

pictured as an offense and he has ever since been followed even into private life by this same vindictiveness. It can be said with truth that the democratic press is more liberal, fairer in this respect than the republican press. There is probably not a republican official of rank retiring from office, state or national, who might not be followed and harassed in a like manner, if the opposition were given to the practice. If the practice of these officials is wrong, attack that as the democrats attacked the practices of the ex-treasurers. Attack the practice as we attack the coupon system and the pluck-me-stories. But why pursue one man with small and contemptible innuendoes? No reform can be accomplished by venting personal spite. In fact it is apparent that no reform is wanted, only a change of men! A party or personal motive is at the bottom of all such scandalous and personal persecutions. Is there no protection for ability and faithful service from these small-bore partisans? Their motives are so plain that the effect on public sentiment is lost; every reasonable man will see, when he comes to look at it, how small and despicable it all is. But the practice is just as repugnant to all sense of fairness and decency."

WANTS SIGNS ON THE "COPS"

A Citizen Writes Concerning the Present Police Uniform.

EDITOR GAZETTE: In February, 1893 an ordinance was introduced in the common council relating to our city police; one section of which required that they should wear suitable uniforms. This ordinance was referred to the police committee, of which Alderman Child was chairman; and upon the request of the chairman, the committee being unable to agree, Aldermen Brownell and Smith were added to it. Policeman John Hogan has long made it his boast that our common council would do nothing against his wishes. This may or may not be true, but what transpired between Mr. Hogan and this committee may cast some light upon the subject. Mr. Hogan says, "When I heard about that ordinance I went to Alderman Smith and said to him:

"Here, what the devil are you doing about that uniform business?" Hogan must have used his severest official tone in asking this question, inasmuch as he says Alderman Smith's reply was:

"Well, John, you can fix it to suit yourself."

Accordingly he fixed it to suit himself, and an ordinance was reported recommending that the police wear uniforms."

The result is that we have the daily spectacle of the long man and the short man parading our streets wearing any kind of a hat, carrying any kind of a stick, in fact wearing and carrying any old thing, and calling themselves policemen. Now, Mr. Editor, I would suggest that The Gazette Company print a sufficient number of placards upon which shall appear the words "This is a policeman" and that each member of our police force be provided with two of these cards, which he shall display, in sandwich fashion upon his back and chest, in order that our citizens and the strangers who may be within our gates, shall know a policeman when they see him.

DO WE CELEBRATE THE 4TH?

The Citizens Are Likely to Get Up a Big Jollification.

Will Janesville celebrate the Fourth of July this year?

This question is now being asked by the merchants of the town. As yet no plans have been made, but a number of public spirited citizens, it is said, are to take hold of the matter.

## THEY PLAN TO VISIT THE GOLDEN GATE

LOCAL C. E. WORKERS MAY  
VISIT CALIFORNIA.

Cheap Rates Are Offered For the Convention To Be Held at San Francisco—Car May Go Through From Here—F. A. Spoon In Charge In This District.

In all probability a delegation of Janesville and Rock county people will attend the Christian Endeavor convention at San Francisco this summer.

Frank A. Spoon of this city, has the arrangements for the district of southern Wisconsin in charge, and will be pleased to answer all inquiries. It is probable that a car will go through from Janesville to Frisco for the benefit of people from this section of the country.

The rate from Milwaukee or Chicago, for one way, has been fixed at \$25.

It will cost \$32.50 if return trip is made over the "Shasta" route and via any of the Northern lines; otherwise the return tickets will be just the same as the prices given above.

Tickets will be sold west-bound June 22, 23, 29 and 30 and July 1 and 2, with stopover privileges as may be desired at all Colorado points, also at Cheyenne, Trinidad, El Paso, Salt Lake City and Ogden and all points within California. Arrival in California must be not later than July 9.

Returning stop overs will be allowed within California by any route, and also at all points in Puget Sound territory and all points east of Banff on Canadian Pacific, Livingston on Northern Pacific, Harve on Great Northern, and Shoshone Falls on Oregon Short Line.

Tickets will be sold returning from San Francisco on July 12, 13, 14, 15, 16, 17, 19, 22, 26, 29 and August 2, 5 and 9.

The Eastern and Southern lines will sell round-trip tickets up to these "Western gateways," at one price for the round trip. The reason the western lines do not sell a round-trip ticket is to protect themselves from "ticket brokers," but as they have made the rate each way so low, it is really lower than one fare for the round trip.

John Willis Baer, the general secretary, writes to Mr. Spoon: "This section has long been delayed and all kinds of rumors have been circulated, and now we ask you to publish this very satisfactory arrangement far and wide."

NOTABLES AT THE CAKE WALK

Champion Artists From the Big Cities to Be Present

At the coming cake walk, Mr. Samuel Townsend, "champion cake walk artist of Madison Square Garden, New York City," will act as promoter, while James Lehman of Atlantic City, N. J., will lead.

Mr. William Harris of Rockford, and Mr. James W. Berry, champion of Chicago, will also compete for honors.

Arrangements are now all complete and local colored folks can hardly wait for the event, which will occur at the Armory on May 20.

The Rockford delegation will come up on a special train.

RUSHING WORK ON CAR BARN

Line Will Be in Operation by Memorial Day, They Think.

Work on the street car line is progressing rapidly. The masons finished the setting of the two boilers yesterday, while the carpenters have about completed both buildings, with the exception of the roofs. The car barn is being sided with iron while the roofs will be of tar and gravel. Superintendent Cummins says that the cars will be running by Memorial day.

## GEN. C. P. CHAPMAN IS DEAD

Former Adjutant General Passes Away at Madison.

Janeville militiamen will be pained to hear of the death of General Chandler P. Chapman, which occurred at Milwaukee last night, as the result of a stroke of paralysis. He had been failing for the last few days, but his death came wholly unexpected. In 1892 he suffered a stroke of paralysis from which he never fully recovered.

General Chapman was born in Bristol, O., February 13, 1844, and came to Madison with his parents in 1846. When sixteen years old he went to war as hospital steward with his father, the surgeon of the famous Iron Brigade, and remained there three years. He was adjutant-general during Governor Rusk's administration and the successful outcome of the Milwaukee strike was largely due to his efforts. He was general manager of the National Grand Army encampment in Milwaukee.

Of late years General Chapman has done much for the Loyal Legion, of whose Milwaukee chapter he was registrar. He was a thirty-second degree mason. A wife and two children survive him.

## ARE TO PLAY HERE FOR A WEEK

Wilson, are still with the company, and are decidedly popular with the large audiences which nightly greet them wherever they play. During the engagement, new plays, new specialties, new songs will be seen, and it is without question the queen of repertoire companies. Prices of admission during this engagement will be 10 and 20 cents, and a grand Saturday matinee, 10 cents, to any part of the house. A \$60 bicycle given away Saturday night, to the person holding the lucky number.

## PURE IMAGINATION

Keeps Some People Ill.

Many people imagine they can do things which they cannot. This is particularly true of habits like the tobacco or coffee habit. A person addicted to either of these habits may be one of such construction that the article used is poisonous to him, but they imagine they can use coffee (for instance) without any bad effect, for "thousands of people do" they reason.

So the weak feeling or stomach trouble, or headache, is charged ore day to the lot sun; the next day taking pains to avoid the sun, the old trouble shows up again; so, as long as it is not the sun, "it must be something I have eaten; it can't be coffee." Then follow some tests on diet, and still the trouble continues; every known reason will be thought of and experimented with, but they will not leave off the coffee, for they like it to well.

To such it may be suggested that matters be looked squarely in the face. If you keep on with little ailments caused by some unnatural cause, you will surely come down sick unless the active cause is removed.

Coffee contains poisonous alkalis in small quantities which can be withstood by a perfectly healthy adult, but which seriously affect those who are a little below par physically, or children.

To such, Postum Cereal comes as a boom; it has the color of Java coffee, creams up like thick Mocha, and has a delicious fragrance and taste. It is made by the Postum Cereal Co., Ltd., Battle Creek, Mich. When tasted critically, it will be found to have a grain flavor that is crisp and pleasant. It is strictly a food-drink, being made entirely of cereals (wheat, etc.).

Postum, the grain coffee, will nourish and fatten adults and children, and can be used at every meal with decided advantage.

"Just as good" as Postum Cereal Food coffee, are words used to defraud the public.

## BETTER TIMES AT HAND.

In spite of the fact that the pendency of a tariff bill always unsettles trade and manufacturing, the reports from the various parts of the country are very encouraging. Advice from all sections, especially the Mississippi Valley and the Eastern States, show improved business conditions. Reports of Bradstreet on May 1st state that in Seattle "trade is good and shows an improvement over April of last year;" in San Francisco "the retail trade is reported as fairly good;" in Nashville "the local retail trade is somewhat improved;" in Augusta "the retail trade is reported good;" in Saint Paul "trade continues good in all lines in which the busy season is not over, and collections are also good;" in Duluth, since the opening of navigation, there has been some improvement in general business;

in Milwaukee "the amount of business transacted is reported of fair proportions, with prospects better and collections slightly easier;" in St. Louis "general trade shows a slight improvement, and collections are good;" in Louisville "a steady seasonable trade is reported by jobbers in nearly all lines, and collections are fairly good;" in Chicago "general trade situation is improved slightly;" in Baltimore "the outlook for the fall is encouraging;" in Pittsburgh "there has been a steady increase in the volume of business;" in Providence, R. I., "cotton manufacturers who recently reduced their output have again started on full time and capacity."

Moreover foreign governments are learning very rapidly that the policy of the new administration is materially different from that of the administration which preceded it.

## A RUSH FOR FOREIGN GOODS.

Foreign manufacturers and importers continue to rush their goods into the country in the face of the retroactive clause of the Dingley bill. The customs receipts in April were \$24,454,351, or two and a half times as much as those in the month in which McKinley and the protective congress were elected. This gives something of an idea of the enormous quantity of foreign goods brought into the country. When it is remembered that these figures relate only to the dutiable goods, and that all non-dutiable goods likely to go on the dutiable list under the new tariff are also being rushed in, and in still greater numbers, the disadvantages under which the manufacturers of the country are now attempting to operate, and must operate for many months, will be realized. How can anybody expect an immediate return of prosperity or business activity during such conditions?

## Think Damsel Is On the Sea.

Columbus, Ohio, May 13.—It has been discovered that Damsel, the national bank bookkeeper, made frequent visits to Piqua, where he met a woman from Sidney, upon whom he lavished much money. Occasionally she came to Columbus and was always met at the depot by Damsel. It is alleged that he gave her an allowance of \$50 a week. Damsel is believed to be en route for Cape Town. The directors of the bank have given out a signed statement, in which they claim that the shortage will not exceed \$25,000, which is more than twice covered by an indemnity, whose character they decline to disclose. The bank will not lose a cent.

## Appeal for Mrs. Parnell.

London, May 13.—An appeal, signed by the lord mayor of Dublin, John Redmond, M. P., and other influential friends of Charles Stewart Parnell, has been issued in behalf of donations to a fund to assist Mrs. Parnell, mother of the great Irish leader, and other needy members of the family, by freeing the Parnell estates at Avondale from debt and other obligations.

## Two Negro Girls Lynched.

Huntsville, Ala., May 13.—The bodies of Mollie Smith and Mandy Franks, colored, were found swinging from ropes from trees on the side of the road leading from Jeff, Ala., to Huntsville. The lynching was done at an early hour by a mob of about twenty persons. The two girls were suspected of poisoning the family of Joseph O'Kelly at Jeff.

## Reduction May Be Accepted.

Streator, Ill., May 13.—A delegate convention of the miners of northern Illinois met in Streator Wednesday to prepare a scale of wages to be submitted to the joint convention of operators and miners to be held here. No figures are obtained, but it is understood that a reduction from present prices has been agreed upon.

## BEDRIDDEN.

## FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Cure.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind. Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to any expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

MRS. M. C. HINKLEY.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without gripping and restoring natural action to the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

## Munyon Tells What Not To Do.

## Take No Medicine Unless You Are Sick.

Munyon decries dosing and doping. Why should the glorious springtime be the signal for a deluge of physic, and the golden harvest be associated with the excessive drinking of rum and whiskey disguised as bitters? Medicine should only be given to the sick, and should always be administered with gentleness and discretion. Medicine should be to Nature only a delicate rebuke of error and a kind encouragement of the physical forces for good. The hard work of recovery is done by Nature itself. The human body is more delicate than the finest mechanism, more sensitive than the tenderest plant. To shatter the liver with mercury, to madden the nerves with morphine and chloral, and to flay and burn the stomach with every poison black-listed with skull and cross-bones, is torture more demonic than the Inquisition.

This is a world of compensations. For every valley there is a corresponding mountain, for every darkness there is a corresponding light, and for every disease there is a corresponding cure. Not all such cures have yet been found, but Munyon has discovered fifty-seven of them. Each one of Munyon's cures is a specific for some particular disease, and for nothing else. Each one of Munyon's cures is a climax of scientific experiment, the exact fit in each case. Munyon's Remedies for sale at all druggists. Mostly 25 cents a bottle. If in doubt write to Prof. Munyon, 1505 Arch Street, Philadelphia, for free medical advice.

## ODD FELLOWS SUED FOR THE BACK DUES.

ASSIGNEE FULTON BEGINS  
LEGAL PROCEEDINGS.

Local Combination Has Not Gone to Pieces But Is Courting a Legal Fight—Janesville Men Owe Nearly \$2,000 In the Aggregate—Some Individual Claims Amount to \$80.

If these members of the Odd Fellows Insurance Company who were down on the books as delinquents, thought they were going to escape, without paying up their assessments they were undeceived when they received notices from the assignee to step up to the captain's office and settle.

Unless—  
Forty-two members of the company in Milwaukee were served with notices that suit had been brought in the justice's courts in that city to recover the amounts which the books of the company showed to be due from them. Included in the list were well-known professional and business men, including several attorneys, from which it can be easily argued that the suits will be fought for all they are worth. The complaint in every case is John L. Fulton, the assignee of the company.

Begin Many Suits.  
This is but the beginning of the enforced collections. There are said to be 7,000 delinquents on the books, and if the present attempt to collect back dues is successful all will be invited to sue the assignee.

"There has been considerable talk of a combination on the part of the delinquent members for the purpose of fighting the assignee's attempt to enforce collections, but thus far nothing has been done, and in consequence the assignee has such advantage as usually accrues to the man who strikes the first blow," says a dispatch from Milwaukee.

Most of the delinquents reside in Wisconsin, though there are some in Illinois, Minnesota and Michigan. The total amount of the unpaid assessments is \$81,099.17. Claims have been filed against the company to the amount of \$70,200. Should the assignee succeed in collecting the unpaid assessments all the claims will be paid in full.

Janesville Men Will Fight.  
The Janesville members will not surrender until the last court has decided the matter. They have an organization, a set of officers, a treasurer, and a fund. Sutherland and Nolan have been retained, and the assessments will not be forthcoming without litigation.

"We are courting a suit," said Attorney Nolan this morning, "but have not yet been notified that we have been sued. I notice that actions have been begun in Milwaukee. The story that the Janesville combination has been broken is not true. We are ready for a fight, and hope they will begin on action."

The aggregate claims against people who belong to the local combination will reach \$2,000. The sums owed by individuals run up, in some cases, to \$80.

## MURDER STORY TOLD BY THE ONLOOKERS

HOW JOHN QUIRK WAS SLAIN  
IN A SALOON.

Men Who Saw the Fatal Fight, Testify Before the Jury in Judge Bennett's Court—Tobey Did Not Say the Defendant Offered to "Furnish a Corpse"

Witnesses told the jurors the story of that St. Patrick's day fight in Collins' saloon at Mineral Point, during which John Quirk was slain by Stephen Terrill, in the circuit court today.

The witnesses sworn were John Padon, William Tobey, William Clark, Morris Minor, Frank Ross, Henry Grace and Dr. S. Vivian. Dr. Vivian was the physician who was called to attend Quirk after the shooting. He described the wounds on the man's body, and said that Quirk died just as he arrived. The wound in the lung would have been fatal if the ball that penetrated the heart had not reached that organ, he said. He told of the bullet wounds, and also of the wounds inflicted on Quirk's head, supposedly with the butt of the revolver.

Padon, Clark, Minor and Ross were present when the killing occurred, and told of the fight.

Tobey's Story Is Told.

Tobey is a colored man, and it was said that he would testify that he had heard Terrill offer to "furnish a corpse if some one else would furnish a box." He did not so testify, however, and his testimony was not held to be important in consequence.

Grace was the man who separated the men during the fight, and he told of the scrimmage that ended in death.

The opening addresses were made after the jury was secured yesterday afternoon. Aldro Jenks, of counsel, opened the case for the prosecution, and gave the state's side of the bloody affair.

Calvert Spensley, one of the attorneys for the defense, gave the defendant's version of the killing.

An adjournment was then taken until this morning, when the taking of testimony was begun. Quite a good sized audience has been present during the trial today, and many people who listened to all the proceedings in the Whalen and Ashton trials, were in constant attendance.

CHICAGO MARKETS BY WIRE

The Liverpool market was disappointing this morning and California reported a better outlook. The Cincinnati price current also did the same thing in some sections and on the strength of it our market opened off from the curb on last night which was 74, but as far as wheat is concerned, the May and the July and there is no connection between them and last crop reports.

There is a demand for the small remnant of wheat which will assert itself before the first of August and whether they have showers in California cuts absolutely no figure. The winter wheat crop in America is sure to be a small one. The spring crop is full of promise but only promises safer and India and the Antipodes and Argentina are not in the wheat business any more and were gradually getting back to the old reliable countries of supply namely, Russia and the United States. May wheat in New York which was seven cents above our July wheat a short time ago is now nine and a half cents above us, which goes to show that there is a demand for wheat on seaboard and the same is true all over the world. The old supplies are wiped out and we are going to clean the bins—a higher price. A change in our rules in regard to grade has made this market less attractive for unlimited and reckless short sellers. That change in the grades will have a more widespread influence on prices than the trade realizes and I think it will be of great benefit. Provisions are commencing to advance, and even corn which has been holding back, shows a material advance today. It looks as though we would have a bull movement along the whole line.

## FORM CHORAL UNION WITH 200 VOICES.

MEETING TO BE HELD NEXT  
WEDNESDAY.

At That Time the Organization Will Be Perfected, the Preliminary Details Having Been Arranged Last Evening—Idea Meets With General Favor—Grand Concert Planned

A Choral Union composed of two hundred voices is to be formed here. Prof. Kowalski of Chicago, presided at an enthusiastic meeting at the Christ church parish house last evening, at which matters pertaining to the forming of such a union were discussed. On next Wednesday evening a meeting will be held for the purpose of organization by the election of officers.

Prof. Kowalski will have charge of the rehearsals, which will be given once a week. A small fee will be charged to each member.

The plan is to give twelve lessons, and in all probability the meeting will be held in the Christ church parish house.

At last evening's meeting an outline of the work was given and it is said that the promoters of the plan will have but little trouble in securing 200 members, for not only are the musically inclined people of the city giving it their support, but plenty of encouragement has been received from those residing in the surrounding villages.

It is said that the present intention is to give a concert in the opera house before the summer is over.

It Makes a Great Difference

In a man's appearance whether or not the suit he wears was a cheap, poorly-made one in the first place or whether he wears a well-fitting, well-made suit. It grows more noticeable with each week's wear.

There is satisfaction in clothes that keep their shape and always look well.

Our suits speak for themselves—look well, wear well and are the cheapest to buy.

## IN MISERY HOUSE

LOOKING FOR THE DOOR OUT  
AND FINDING IT IN THE  
KIDNEYS.

Restoration of the Kidneys May Be  
Effected by Dodd's Kidney Pills—  
Restore the Kidneys and They Will  
Do the Rest.

Faulty Kidney Work makes possible  
all of that class of human misery  
known as Rheumatism, Gout, Lum-  
bago, Neuralgia and Sciatica.

Restore the normal action of the  
kidneys by taking Dodd's Kidney Pills,  
and the kidneys will do the rest. Who  
would go on suffering from these pain-  
ful diseases, when he may cure himself  
for fifty cents—half a dollar?

To all those who are in the house of  
misery, we say there is a door leading  
out. It is the restoration of the kid-  
neys to healthy action. Dodd's Kidney  
Pills are the restorative. Price fifty  
cents a box. In most cases one box is  
sufficient to remove every vestige of  
pain. The relief is quick. The ex-  
periment is easy.

Dodd's Kidney Pills cannot harm  
you. They will not derange the heart  
or stomach, or any other organ, while  
putting the kidneys into perfect con-  
dition to their allotted task. They  
cannot make you worse. They WILL  
make you better. Proof can be afford-  
ed by columns of testimonials. Take  
this one from a barber working on  
Jackson street:

**DODD'S MEDICINE CO., Buffalo:**  
Gentlemen—I have been troubled  
for eight months with pains in my  
back and Rheumatism in  
my arm. I could hardly  
hold my razor to work. I  
tried several remedies and could get  
no relief whatever. I heard of Dodd's  
Kidney Pills from a friend. I bought  
a box of them, and before I had used  
half its contents I began to get relief.  
I am completely cured now. You  
may publish this, as I believe Dodd's  
Kidney Pills have done wonderful  
work on me. **G. M. STERN,**

"Ambitious! Well, I should say!  
Why, that boy does nothing but sit

things he's going to do!"—Philadelphia  
North American.

**Cause for the Condition.**  
"You don't shine so brilliantly as of

Mr. Newlyblessed (sleepily)—No, but

**South Dakota in Springtime**

Is clothed with verdure green and  
spotted with beautiful blue and white  
prairie flowers, tokens of luxuriant  
soil like that fair country to which  
Moses led the children of Israel in an-  
cient times.

And like unto that land of plenty,  
South Dakota outrivals its sister states  
of the east in the products of its soil,  
sown, cultivated and harvested in less  
time and with greater ease than in  
any other portion of the United States.

And so we say unto you that now is  
the opportunity of a lifetime to "Go  
west and buy a farm." For descrip-  
tive lists and prices, address Geo. H.  
Heafford, G. P. A., Chicago, Ill.

**The Sale Takes Hold.**

People are beginning to appreciate  
our sale of high grade spring shoes  
and are buying them freely. A good  
bargain for you is certainly a gain for  
us and there are bargains innumerable  
throughout the entire stock. A saving  
of a considerable amount is made pos-  
sible on every purchase. Ladies should  
remember this fact when buying their  
footwear. Richardson.

**If you're a butcher,**  
you want Pearline. You want it for the  
proper washing of your frocks and  
aprons, and to keep the benches,  
blocks, floors, shelves, hooks,  
etc., as clean as they ought to be.  
There's nothing that will do  
this like Pearline. And it takes  
so little time, and so little trouble  
and work that there's no excuse for  
not doing it. Keep everything dainty  
and sweet and clean with Pearline.

**Send it Back**  
Peddlers and some unscrupulous grocers will tell you "this is as good as"  
or "the same as Pearline." IT'S FALSE—Pearline is never peddled,  
and if your grocer sends you something in place of Pearline, be
